2. Included one factor related to improving system performance (e.g., exits to permanent housing (PH) destinations, retention of PH, length of time homeless, returns to homelessness, job/income growth, etc.); and	Yes
3. Included a specific method for evaluating projects submitted by victim services providers that utilized data generated from a comparable database and evaluated these projects on the degree they improve safety for the population served.	Yes

1E-3. Project Review and Ranking–Severity of Needs and Vulnerabilities.

FY2019 CoC Application	Page 16	09/30/2019
------------------------	---------	------------

Applicants must describe:
1. the specific severity of needs and vulnerabilities the CoC considered when reviewing and ranking projects; and
2. how the CoC takes severity of needs and vulnerabilities into account when reviewing and ranking projects.
(limit 2,000 characters)

1) The CoC Board utilized HUDs Scoring Tool for the 3rd year. The tool places an increased emphasis on serving households who are high acuity. The CoC Board places emphasis on households who are chronically homeless, have no income, have criminal histories, have severe mental health, physical disabilities and vulnerable populations such as DV Victims, Veterans and Youth. The CoCs main priority is reducing the number of chronically homeless in our community.
2) The CoC Independent Review Team (IRT) focused on the barriers mentioned above as well as those households who were living on the streets. The scoring tool utilized the previous two years gave additional points to programs who were serving a higher number of CH. Evaluation of all project proposals included Housing First:
a. Rapid placement regardless of barriers
b. Project conducting outreach from the streets rather than ES
c. High acuity – Additional points for multiple disabilities
Over the past several years, the CoC was able to make strides with ALL CoC funded projects, so that they were prioritizing chronically homeless families and individuals. Applicants were scored on utilization rates, funding utilization, length of stay in PH, commitment to Housing First principles, and participation in coordinated entry. Over the years we have been able to increase beds dedicated to CH in existing programs. All new PH programs are focusing on the DV, CH population and/or DedicatedPLUS and were prioritized in Tier 1.

1E-4. Public Postings–CoC Consolidated Application. Attachment Required.

Applicants must:
1. indicate how the CoC made public the review and ranking process the CoC used for all project applications; or
2. check 6 if the CoC did not make public the review and ranking process; and
3. indicate how the CoC made public the CoC Consolidated Application—including the CoC Application and CoC Priority Listing that includes all project applications accepted and ranked or rejected—which HUD required CoCs to post to their websites, or partners websites, at least 2 days before the FY 2019 CoC Program Competition application submission deadline; or
4. check 6 if the CoC did not make public the CoC Consolidated Application.

1E-5. Reallocation between FY 2015 and FY 2018.

Applicants must report the percentage of the CoC’s ARD that was reallocated between the FY 2015 and FY 2018 CoC Program Competitions.

Reallocation: 81%

1E-5a. Reallocation–CoC Review of Performance of Existing Projects.

Applicants must:

- 1. describe the CoC written process for reallocation;**
 - 2. indicate whether the CoC approved the reallocation process;**
 - 3. describe how the CoC communicated to all applicants the reallocation process;**
 - 4. describe how the CoC identified projects that were low performing or for which there is less need; and**
 - 5. describe how the CoC determined whether projects that were deemed low performing would be reallocated.**
- (limit 2,000 characters)**

- 1) The CoC has implemented a reallocation process for the past 4 years. The CoC considers reallocation an important tool to make strategic improvements to the homeless system and actively reviews performance of projects to ensure HUD funding is utilized for projects that meet priority needs within the community. For example, the CoC has prioritized rapid re-housing and permanent supportive housing for Chronic through reallocation as a strategy to reduce the length of time homeless on the CoC’s System Performance and to increase the number of PSH units to serve the most vulnerable populations through coordinated entry.
- 2) The CoC Board approved the recommended reallocation process.
- 3) In the application, the scoring and ranking process is defined to utilize HUDs scoring tool. The local reallocation methodology follows outcomes based on this tool, which is serving higher acuity households.
- 4) During the rating and ranking process, the Independent Review Team reviewed the performance of existing CoC Program-funded projects and determined whether to recommend reallocation based on the results of HUDs scoring tool and whether or not the project served a higher acuity household,

accepted unsheltered and chronically homeless.
5) It was the focus of the CoC Board to focus the funding on higher acuity households. Households who are not high needs could be better served by ESG City/State funded programs. The CoC Board has the final decision to reallocate funding to create a new project. Funding is then provided to new project(s) that have been reviewed and ranked in priority order by the Independent Review Team then approved by the CoC Board. Utilizing this process, between 2015-2018, a cumulative total of \$2,398,883 has been reallocated; equaling 78 percent of the CoC's ARD. Reallocation will occur in a transparent, universal, and performance-based manner.

2A-2. Bed Coverage Rate Using HIC and HMIS Data.

Using 2019 HIC and HMIS data, applicants must report by project type:

Project Type	Total Number of Beds in 2019 HIC	Total Beds Dedicated for DV in 2019 HIC	Total Number of 2019 HIC Beds in HMIS	HMIS Bed Coverage Rate
Emergency Shelter (ES) beds	806	64	378	50.94%
Safe Haven (SH) beds	0	0	0	
Transitional Housing (TH) beds	227	15	166	78.30%
Rapid Re-Housing (RRH) beds	267	0	267	100.00%

2A-2a. Partial Credit for Bed Coverage Rates at or Below 84.99 for Any Project Type in Question 2A-2.

For each project type with a bed coverage rate that is at or below 84.99 percent in question 2A-2., applicants must describe:

**1. steps the CoC will take over the next 12 months to increase the bed coverage rate to at least 85 percent for that project type; and
2. how the CoC will implement the steps described to increase bed coverage to at least 85 percent.
(limit 2,000 characters)**

1) The CoC will continue working with the Opportunity Center for the Homeless (OC) to increase usage of HMIS, improve data quality, and rely on the geographical HMIS to manage their two large ES programs serving individuals. These steps will increase bed coverage to above 85% for ES. As the CoC continues to reshape our crisis response system, the CoC has made a significant reduction in TH programs, approximately 50% in the last 3 years. In our current HIC there are only two programs not participating in HMIS, a DV provider with 15 beds and an undocumented shelter with 28 beds. The CoC will continue dialogue with the shelter serving undocumented clients to participate in HMIS.

2) CoC-wide initiatives are expected to resolve a six year data gap in the El Paso CoC HMIS that will increase bed coverage to above 85% for ES. These initiatives include an HMIS Commitment Letter dated 8/15/18, a Three-Year Data Migration project completed on 8/27/19 and revised City Policies & Procedures incorporating an agency-wide HMIS mandate for all homeless programs awarded CDBG funds approved on 9/17/19. The OC has been awarded two CDBG homeless projects. The CoC, through the Coalition as HMIS Administrator, intends to increase the OC's usage of HMIS through compliance with City requirements as well as refresher training, increasing licenses for OC staff data entry and adjusting the OC HMIS administrator's access role to allow for reviewing all OC programs collectively. To improve data quality, the Coalition will provide auto-exit functionality and scan technology, along with data quality monitoring to ensure accuracy and completeness. Finally, it is the intent of the Coalition in collaboration with the City and County, to work with the OC on using a single system to manage their homeless program data by providing technical support and ad hoc reporting capabilities to ensure all their data needs are being met. Progress will be monitored weekly regarding these initiatives.

For the past 10 years, the PIT, Sheltered and Unsheltered, is a thorough process identifying those who are experiencing homelessness and chronic homelessness. This year our community implemented the PIT with an app, CountingUs. The 2019 PIT was both sheltered and unsheltered. All shelter case managers are thoroughly trained on HIC and PIT. Shelters are provided with a

list of critical data elements expected to be collected and receive training on how data is submitted into the app. Data gathered from PIT is comprehensive from shelters serving:

- 1) individuals chronic and non-chronic,
- 2) families with children chronic and non-chronic; and
- 3) veterans chronic and non-chronic.

In addition to demographic questions, the Coalition requests that each person experiencing homelessness on the date of the PIT complete an app-based survey to inform the CoC about their homelessness, i.e. how long they've been homeless, the reasons why they are homeless or continue to be homeless, whether or not they have any physical/mental disability which contributes to their homelessness, along with a question regarding any services they've required but not received. Responses from this app-based survey are used throughout the year to assess gaps in services and unmet need and to illustrate the nature and scope of homelessness in the El Paso CoC.

3A-1a. First Time Homeless Risk Factors.

Applicants must:

- 1. describe the process the CoC developed to identify risk factors the CoC uses to identify persons becoming homeless for the first time;**
- 2. describe the CoC’s strategy to address individuals and families at risk of becoming homeless; and**
- 3. provide the name of the organization or position title that is responsible for overseeing the CoC’s strategy to reduce the number of individuals and families experiencing homelessness for the first time. (limit 2,000 characters)**

- 1) As reported last year, risk factors were identified for individuals/families who have become homeless for the first time utilizing HMIS. Factors identified, include young mothers with children less than 3 years of age, complete families who were less than 3 months in prior living situation; and youth living with family/friends.
- 2) Strategies that the CoC uses to address individuals/families at risk of becoming homeless are: programs that provide financial management, credit repair, childcare, utility & rental assistance services (homeless prevention) to help at risk households maintain their housing. Local Legal Aid provides free legal services to assist households who are illegally evicted and may become

homeless. Another strategy is to use prevention resources to keep people where they are, using its prevention resources to target funding and services earlier when the housing crisis begins. The CoC continues to work with entitlement community to increase the amount of prevention funding. The CoC holds regular committee meetings with agencies administering prevention/rapid rehousing funds to discuss barriers to services, such as “timing out” of welfare benefits.

3) The El Paso Coalition for the Homeless is responsible for ensuring strategies have been established/implemented to meet this measure of Reducing the Number of First-Time Homeless.

- (limit 2,000 characters)**

1) Length of Time Homeless Persons in ES, SH and TH = 68 days. The CoC continues to increase inventory of appropriate and affordable housing. CE is a key system in rapidly coordinating housing opportunities. The CoC continues to work with the CE operator to improve process. The CoC establishes community standards for average length of stay for all ES & TH programs, promoting best practice models that decrease length of stay and increase stability in housing/successful exit to PH, increasing midterm RRH for households and addressing the lack of affordable housing and insufficient income as a part of our local Strategic Plan. CES Policies requires prioritization be given to households with the longest lengths of homelessness. Specific training, developed in collaboration with the ESG entitlement entity, is conducted at least annually to discuss barriers and review options available within the community. Efforts to engage landlords to lower barriers and increase affordable housing options is ongoing.

2) On a quarterly, semiannual and annual basis, utilizing HMIS data, the CoC and Performance and Benchmarks Committee monitors the average length of program stay and evaluates households with longest length of stay to determine their recurring factors. In addition to monitoring, needed tools and best practices are provided to ensure length of stay is decreased. CoC is working with ES, RRH & TH programs to ensure they are connecting participants with employment opportunities & mainstream benefits. The El Paso CoC uses By Name list tools to track data regarding length of homelessness for specific

populations including veterans, youth and chronically homeless. CES Policies requires prioritization be given to households with the longest lengths of homelessness.

3) The El Paso Coalition for the Homeless along with the Performance and Benchmarks Committee is responsible for ensuring strategies have been established/implemented to meet this measure.

1) The CoC continues to emphasize Housing First and low/no barrier approach to help homeless persons obtain and maintain permanent affordable housing. A vital part of the strategy for the CoC to ensure that the CE is fully functional in identifying, prioritizing households with high acuity. The CoC has implemented a system for clients who are in PSH and have stabilized and whose service needs have decreased, these clients are offered PH options, which makes available units for moving persons directly from the street and shelters. The CoC works collaboratively with PSH partners in addressing and meeting this performance measure and strategies to make improvements. The Coalition continues efforts to engage landlords who are willing to offer low/no barrier housing to those experiencing homelessness. The CoC also focuses on connecting households

- to housing subsidies, i.e. PH, HCV, Section 811, Section 211.
- 2) The El Paso Coalition for the Homeless, Performance Committee and the Coordinated Assessment Oversight Committees are responsible for ensuring strategies have been established/implemented to meet this measure.
 - 3) Strategies to increase rates at which households in PH, other than RRH retain their PH are, the CoC has been focusing with new local PH interventions that increase home based case managers to ensure that households in PH interventions receive case management while in the program, ensuring the engagement of clients to ensure that they are meeting their individualized service plans and are stable. The CoC is also focusing on improving access to healthcare, mental healthcare, mainstream benefits, especially the utilization of the SOAR process which is mandated for all CoC funded programs.
 - 4) The El Paso Coalition for the Homeless along with the Performance and Benchmarks Committee is responsible for ensuring strategies have been established/implemented to meet this measure.

(limit 2,000 characters)

- 1) HMIS data is analyzed to identify households who return to homelessness and characteristics of those households experiencing multiple bouts of homelessness in our community. The CoC identified common factors of households (families/individuals) by analyzing HMIS data. Based on data, the CoC reports to the Performance Committee, which is comprised of reps from ES, TH, mental health providers, CE staff, PH programs, will focus on identifying those who are returning to homelessness and target them for services that may have not been offered for example, increased mental health services, a stronger focus on income streams including employment opportunities.
- 2) To reduce returns to homelessness, the CoC has implemented the following strategies: Coordinated Entry using VISPDAT to identify vulnerabilities of those experiencing homelessness, referral into PH program based on score,

programs providing PSH must prioritize beds for those households with longest histories of homelessness and/or most episodes of homelessness, and provide best practices training on case management. The CoC feels that case management is crucial in ensuring that households are able to remain stably housed. Agencies providing RRH or TH assistance must make accommodations to provide at least 6 months of follow-up services to ensure households have transitioned & remain stable in PH.
 3) The El Paso Coalition for the Homeless, Performance Committee and the Coordinated Assessment Oversight Committee are responsible for ensuring strategies have been established/implemented to meet this measure.

***3A-5. Cash Income Changes as Reported in HDX.**

- (limit 2,000 characters)**

- 1) The CoC continues to ensure program participants are connected with mainstream resources for employment. CoC has developed a process to identify & implement best practices, including supportive services for employment & client tailored wrap around services. Process helps the household & case manager identify the most appropriate income generating path for them and to begin the process of education & training leading to employment. The CoC has also organized partnerships between employment vendors for training & education. Programs within our CoC have employment specialists that have developed partnerships with businesses who have a preference of hiring those who are experiencing homelessness to include those who have a sex offence in background.
- 2) The CoC has a partnership with TX Department of Aging & Disability in working with head of households & individuals in gaining employment while receiving SSI/SSDI. The VAs Compensated Work Therapy works with homeless veterans to gain employment. The TX Workforce has a specialized program that targets those who are unemployed, provides assistance &

necessary tools to obtain employment, i.e. transportation, equipment, uniforms, etc.

3) The CoC is supported by Workforce Solutions Borderplex & trains program staff on utilizing online job search engine for maximizing job matches & resume building. CoC has also organized partnerships between employment vendors for training & education. The YWCA has implemented Learn Invest Focus Train (LIFT) which focuses on training the parent(s) entering the workforce. TX Workforce routinely meets with homeless clients to develop plans on obtaining employment. An example of this partnership is with our local ES for migrant farm workers. TX Workforce has a designated employee that spends 8 hours a week working with migrant farmworkers in exploring other avenues of employment.

4) Coalition is responsible for ensuring strategies have been established/implemented to meet this measure.

3A-5b. Increasing Non-employment Cash Income.

Applicants must:

- 1. describe the CoC's strategy to increase non-employment cash income;**

- 3. provide the organization name or position title that is responsible for overseeing the CoC's strategy to increase non-employment cash income.**

1) The CoC continues to ensure program participants are connected with mainstream resources of non-employment AND employment income for which they are eligible. The CoC has begun discussions to authorize CoC program staff to have the ability to complete SNAP and TANF applications on behalf of program participants. CoC has established a goal of 54% of program participants exiting programs with non-employment income. CoC has developed a process in identifying & implementing best practices, including supportive services for employment & client tailored wrap around services. This process helps the household & case manager identify the most appropriate income generating path for them, whether it's applying for public benefits due to disability or beginning the process of education & training leading to employment. A key strategy implemented over the past year was our CoCs participation in the SSI/SSDI Outreach, Access, & Recovery (SOAR) process. CoC program-funded projects are required to participate in SOAR training & use the SOAR process to better identify, engage, & enroll homeless households with disabilities so they can receive cash assistance they are entitled to. A SOAR Steering committee has been established as an ongoing support system to assist those completing applications & discuss barriers & solutions encountered. This effort will continue indefinitely.

2) The CoC strategy focuses on providing each of the program case managers the tools needed to guide program participants when accessing mainstream resources, i.e. SOAR, TANF, SNAP. TX HHS provides direct training with programs that gives the case manager the ability to directly apply on behalf of the household. Coalition staff also provides direct training.

3) The Coalition and the Performance Committee is responsible for ensuring strategies have been established/implemented to meet this measure.

3A-5c. Increasing Employment. Attachment Required.

Applicants must describe how the CoC:

- 1. promoted partnerships and access to employment opportunities with private employers and private employment organizations, such as holding job fairs, outreach to employers, and partnering with staffing agencies; and**
 - 2. is working with public and private organizations to provide meaningful, education and training, on-the-job training, internship, and employment opportunities for residents of permanent supportive housing that further their recovery and well-being.**
- (limit 2,000 characters)**

1) The CoC promotes partnerships and access to employment opportunities with employers and employment organizations by holding job fairs. TX Workforce Solutions teaches program staff on utilizing online job search engine for maximizing job matches & resume building. 3. Unsheltered homelessness	<input checked="" type="checkbox"/>
4. Criminal History	<input checked="" type="checkbox"/>
5. Bad credit or rental history	<input checked="" type="checkbox"/>
6. Head of Household with Mental/Physical Disability	<input checked="" type="checkbox"/>

3B-1a. Rapid Rehousing of Families with Children.

Applicants must:

1. describe how the CoC currently rehouses every household of families with children within 30 days of becoming homeless that addresses both housing and service needs;

2. describe how the CoC addresses both housing and service needs to ensure families with children successfully maintain their housing once

assistance ends; and
3. provide the organization name or position title responsible for overseeing the CoC’s strategy to rapidly rehouse families with children within 30 days of them becoming homeless. (limit 2,000 characters)

- 1) The CoC recognizes that the Coordinated Entry System is the key to rapidly rehousing households. In alignment with the HEARTH Act, the goal is to house families with children within 30 days of becoming homeless. From 2017 to 2019 PIT, we have seen a 31% decrease, a result of adding substantial new RRH capacity. When a household has been identified for a PH option and a referral made, the household is placed in a temporary shelter. Within 48 hours, the PH provider quickly identifies the household and processes their entry into the available PH program. The CoC has developed toolkits (cooperative landlords, standardized forms, available housing options) that expedite this process. The CoC has increased RRH and PSH inventory for families with children, giving households more viable PH options. Additional efforts continue in the community to shorten length of stays in transitional housing programs.
- 2) CoC members, along with Coalition staff, have attended the VA-sponsored Rapid Rehousing Institute and have coordinated quarterly training sessions for RRH providers to review best practices, barriers to success, and peer to peer sharing. The CoC provides continual training for shelter support staff, to ensure that households are exiting to PH. The CoC continues to identify & implement best practices that include supportive services for employment & client tailored wrap around services. This process helps the household & case manager identify the most appropriate income generating path for them, whether it’s applying for public benefits due to disability or beginning the process of education & training leading to employment and ultimately sustainability.
- 3) The Coalition is responsible for ensuring strategies have been established/implemented to meet this measure.

strategies are:

- The County PHA was awarded the Family Unification vouchers for youth. The City PHA is in the process of applying for vouchers under the Foster Youth to Independence Initiative.
- In partnership with the City/County, the CoC has implemented a strategy to address ending youth homelessness, 'By Name' List. This process has improved the ability to identify all homeless youth sheltered & unsheltered.
- Advocacy at the TX Legislative session increased resources for youth to develop a transitional program for female youth & to expand social services to an existing transitional program.
- CE continues to utilize the youth adapted VI-SPDAT to link youth to housing/services. All programs mentioned use CES to effectively utilize the Youth VI-SPDAT to link youth to housing/service solutions to include those fleeing sex trafficking & violence.

- A Youth Drop-In Center is on schedule to open before year-end for youth up to age 22. In this project, survivors of trafficking, youth victims of other crimes, & youth who are at high risk of exploitation will be provided with a welcoming, safe, drop-in space at which they can access basic needs & a comprehensive array of supports customized to their stage of readiness for change. At the Center's other programs & partners, Drop-in Center visitors can access individualized crisis intervention, advocacy & case management, counseling, support groups, harm reduction education, community & relationship building, assistance with applying for crime victim compensation, & enrollment assistance in educational & housing opportunities.
- Street outreach programs assist El Paso youth access homeless services, PH, shelters, building awareness of homeless youth issues in the community. Continued youth focused outreach team conducts presentations in the community & has developed a network of partners that help identify & refer youth, including those known to be homeless as well as those couch surfing in the school districts. (limit 3,000 characters)

By reviewing the data reports mentioned below, it will give the CoC an accurate housing inventory of beds dedicated to youth to include aging out of foster care. The measures will calculate how effective the strategies are in decreasing youth homelessness.

The CoC utilizes data driven evidence to measure the most recent performance outcomes for increased housing and services for all youth, sheltered and unsheltered.

2) Data was reviewed for the youth outreach programs, ES youth and TH youth programs. Specific data reviewed is:

-Exits from ES and TH youth programs – How many are exiting to housing destinations

-Exits from RRH and PSH youth programs – How many are remaining in PH

-Youth Street Outreach – how many are engaged

-Youth Street Outreach – how many are exiting streets

The tools used:

-Longitudinal Systems Analysis – 10/1/2017 to 9/30/2018

-System Performance Measurement – 10/1/2017 to 9/30/2018

-CoC APR – 10/1/2017 to 9/30/2019

The CoC also analyzes recidivism rates to include episodes and stability in PH.

3) Although the LSA does not provide specific data on youth only, we are able to view the demographics by age and housing type to determine capacity through bed utilization. The CoC also utilizes the annual PIT to review trend data on the youth that are captured. All providers of Housing and Services for Youth contribute to HMIS, therefore, using HMIS as the primary resource to measure and evaluate Youth programs is appropriate and comprehensive.
